

INTRODUCTION OF THE ACCESS TO BOOKS FOR CHILDREN (ABC) ACT

HON. CAROLYN B. MALONEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 16, 2009

Mrs. MALONEY. Madam Speaker, today, I am pleased to reintroduce the Access to Books for Children Act (ABC Act), which strives to make buying books for kids as easy as A-B-C. The bill would provide vouchers for purchasing educational books to low-income mothers of infants and children participating in the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC).

The American Academy of Pediatrics recommends daily reading to a child beginning when the child is just 6 months old. Children who are exposed to books and reading before they start school are much more likely to graduate from high school than those who are not. The ABC Act will put books in the homes of children who may not otherwise have them, in order to help those children develop the reading skills to set them on the path to success.

HON. JEFF MILLER

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 16, 2009

Mr. MILLER of Florida. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding earmarks I received as part of the Fiscal Year 2010 Energy and Water request.

Requesting Member: Congressman JEFF MILLER

Project Name: Adaptive Supervisory Control and Data Acquisition (SCADA) Technology for Infrastructure Protection

Account: Department of Energy—Electricity Delivery and Energy Reliability

Legal Name of Requesting Entity: Florida Institute for Human and Machine Cognition

Address of Requesting Entity: 40 South Alcaniz Street, Pensacola, Florida, 32502

Description of Request: \$750,000—Adaptive Supervisory Control and Data Acquisition (SCADA) Technology for Infrastructure Protection. I requested these funds to develop a system-centric defense infrastructure for Supervisory Control and Data Acquisition (SCADA) systems that will greatly improve their intrinsic resilience to environmental effects and malicious attacks. The proposed defense mechanism will be part of the communications infrastructure of the SCADA system and, without modifying the monitoring and control protocols, will introduce system diversity which will increase reliability and resilience preventing a local compromise from becoming a threat to the whole infrastructure or causing cascading failure. I certify that this project does not have a direct and foreseeable effect on the pecuniary interest of my spouse or me. Consistent with the Republican Leadership's policy on earmarks, I hereby certify that this request (1) is not directed to any entity or program named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable.

IN THE HOUSE OF REPRESENTATIVES

Mr. LANCE. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding earmarks I received as part of H.R. 3170—the Financial Services and General Government Appropriations Act, 2010:

Small Business Administration (Salaries and Expenses)—Pennval Road Green Technology Incubator, Township of Woodbridge, N.J., \$250,000.

The entity to receive this funding is: Township of Woodbridge, One Main Street, Woodbridge, NJ 07095.

Woodbridge Township seeks to redevelop a brownfields site on Pennval Road into a Green Technology Incubator as a means of attracting economic development and encouraging job growth in the Township and the region. Consistent with the recently adopted New Jersey Energy Master Plan, which prioritizes the creation of a green technology and industrial sector in New Jersey alongside other goals such as enhanced conservation and efficiency, Woodbridge is embarking upon a redevelopment that will rely upon sustainable construction technologies for its physical facilities that will house the Incubator and promote business development and job creation specifically focused on fostering a clean energy/technology business cluster in the Township.

As conceived, the Pennval Road Green Technology Incubator will involve construction of facilities using energy efficient design, encourage the location of businesses or organizations which generate or facilitate generation of forms of renewable energy, energy efficient transportation and industrial process firms, and academic and public/private energy research and consulting activities. Woodbridge will also be establishing academic partnerships with local institutions of higher education to teach sustainable best practices onsite and provide real-world experiences for their students in the businesses that choose to locate themselves at the Incubator. Finally, a portion of the redevelopment area is being set aside as the site of a solar array to generate renewable energy that will power the Incubator and potentially other users in the vicinity.

HON. DONALD A. MANZULLO

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 16, 2009

Mr. MANZULLO. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding the earmark I secured as part of H.R. 3170, Financial Services and General Government Appropriations Act, 2010.

My request, totaling \$100,000, will come from the Small Business Administration's (SBA) Salaries and Expenses account for the River District Association to develop and recruit small businesses in the downtown River District in Rockford, Illinois. The aim of this Small Business Development Initiative is to create an environment that encourages new small business development, enhances the growth of existing small businesses, and creates sustainable jobs for downtown Rockford, the second largest city in Illinois. The downtown area still faces significant challenges with numerous vacant buildings, blighted areas, and lagging private investment in Rockford's urban core. This problem has grown more acute in recent months with the unemployment rate in Rockford reaching 14.5 percent in May, one of the highest rates in the nation. The initiative will consist of market knowledge research, business growth strategies, and a cooperative marketing campaign centered on encouraging people to patronize businesses in downtown Rockford. The entity to receive funding for this project is the River District Association located at 127 North Wyman Street, Rockford, Illinois, 61110.

Madam Speaker, I want to take this opportunity to thank the Chairman of the House Appropriations Committee, Representative DAVID OBEY, and the Ranking Minority Member, Representative JERRY LEWIS, and the Chairman of the Financial Services Appropriations Subcommittee, Representative JOSÉ SERRANO, and the Ranking Minority Member, Representative JO ANN EMERSON, for working with me in a bipartisan manner to include this critical request in this spending bill.
